LETTER OF TRANSMITTAL

U.S. SENATE,
SUBCOMMITTEE ON ENERGY,
NUCLEAR PROLIFERATION AND FEDERAL SERVICES,
COMMITTEE ON GOVERNMENTAL AFFAIRS,
Washington, D.C., November 7, 1978.

HON. ABRAHAM RUBIOFF,
*Chairman, Senate Governmental Affairs Committee, 3308 Dirksen Senate
Office Building, Washington, D.C.*

DEAR CHAIRMAN RUBIOFF: The Sixth Annual Report of Federal Advisory Committees, covering calendar year 1977, was transmitted by the President to the Congress in March, 1978 as required by the Federal Advisory Committee Act (Public Law 92-463). The report showed that there were 1,343 Federal advisory committees, commissions, boards, councils and other panels in existence during the year, with a total reported membership of 24,678 persons. Due in part to President Carter's call for a government-wide, zero-base review of all Federal advisory committees, the number of committees in existence as of December 31, 1977 was reduced to 875, with a total membership of 17,400 persons.

As required by the act, the report contains the name of every advisory committee, the date and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and principal affiliations or occupations of its current members, and the total estimated cost to the United States to fund, service, supply and maintain such committee. In all, the report and the unbound supporting documents submitted by the agencies span 4,461 pages.

The sixth annual report—including the thousands of pages of supporting documents—is available to the public on microfilm from the Library of Congress and to Members and staff through the Senate Subcommittee on Energy, Nuclear Proliferation and Federal Services and the House Subcommittee on Government Information and Individual Rights. The public can also purchase the sixteen-millimeter film from the Publication Sales Branch, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

Since the act provides that the membership of an advisory committee shall be "fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee," the Subcommittee on Energy, Nuclear Proliferation and Federal Services asked the Congressional Research Service of the Library of Congress to oversee preparation of an index of the names and affiliations of the advisory committee members identified in the sixth annual report. That data, prepared under contract by Data Technology Industries of Riverdale, Maryland, has just been completed.

The index provides three alphabetized listings of the membership information contained in the sixth annual report, making it possible to look up the 17,400 individual members by name or by affiliation, or to determine at a glance the names and affiliations of all the members of any given advisory committee. The alphabetized listings are as follows:

- (1) By agency-committee code, with member's name and affiliation (see glossary for the full name and code of each advisory committee);
- (2) By affiliation, with member's name and agency-committee code;
- (3) By member's name, with affiliation and the committee on which s(he) serves.

Included in this year's index is a glossary of the more than 400 advisory committees terminated during 1977, with a double asterisk indicating those committees which were both established and terminated during the year. Following the glossary is a listing of members who served on these committees alphabetized by agency-committee code.

Another addition to the glossaries is the use of an asterisk indicating those committees that did not appoint any members or failed to submit membership information. Also added is a list of committees that changed their name or were transferred from one agency to another.

Between this index and the microfilmed sixth annual report, government officials, journalists, scholars and other students of advisory committees can learn a great deal about the operation and membership of these panels. However, those using these reference tools should bear in mind the fact that they are only as accurate as the information contained in the sixth annual report. Therefore errors in the original source documents will also appear in the index.

From a purely logical point of view, this index should be prepared by the Executive Branch. Legislation to provide for this has been proposed in the past, but has not been enacted. It is my intention to work toward transferring this task to the appropriate agency. Accordingly, I do not foresee continuation of publication of this material by the Governmental Affairs Committee after this year. For now, however, the Congressional and public access to the President's report will be greatly facilitated by this index, and I therefore request that it be published as a committee print.

Sincerely,

JOHN GLENN.

DDEF-RABS-USNA	Academic Advisory Board to the Superintendent, United States Naval Academy	0747
DDEF-ACDCS	Advisory Committee on the Design and Construction of Shelters	0752
DDEF-ACUGD	Advisory Group on Utilization of Gravimetric Data	0760
* DDEF-APDODP	Advisory Panel on DOD Educational Programs	0762
DDEF-BAP-NWC	Board of Advisors to the President, Naval War College	0778
DDEF-BAS-NPS	Board of Advisors to the Superintendent, Naval Postgraduate School	0780

* Denotes committees for which no membership lists were submitted.

COMMITTEE CODE	COMMITTEE NAME	
DDDF-BMDTAP	Ballistic Missile Defense (BMD) Technology Advisory Panel	0776
DDDF-CACMCH	Commandant's Advisory Committee on Marine Corps History	0813
DDDF-CNOCCAC	Chief of Naval Operations Command Control Communications Advisory Committee	0809
** DDEF-CPAC	Chemical Propulsion Advisory Committee	0804
* DDEF-DDDAJ	DOD Design Awards Jury	0895
DDDF-DIAGE	Defense Industry Advisory Group-Europe	0822
DDDF-HBIRG	High Energy Laser Review Group	0849
DDDF-JSHSAC	Junior Science and Humanities Symposia Advisory Committee	0854
DDDF-NWCAC	Naval Weapons Center Advisory Committee	0873
* DDEF-SACUSABRL	Scientific Advisory Committee of the U.S. Army Ballistic Research Laboratories	0887
* DDEF-SAGUSAMC	Scientific Advisory Group of the U.S. Army Missile Command	0918
DDDF-SCUSMA	Special Commission on the United States Military Academy	0906
* DDEF-SNRCAC	Secretary of Defense Natural Resources Conservation Advisory Committee	0869
DDDF-SNOAC	Secretary of the Navy's Oceanographic Advisory Committee	0879
DDDF-TARDCSAG	Tank Automotive Research and Development Command Scientific Advisory Group	0920
DDDF-USAC	Underwater Sound Advisory Committee	0908
DDOE-CAC	Construction Advisory Committee	0960
* DDOE-EACNG	Emergency Advisory Committee for Natural Gas	0974
DDOE-EFAC	Energy Finance Advisory Committee	0972
DDOE-ENAC-IPA	Environmental Advisory Committee	0978
DDOE-PNGEDPAC	Petroleum and Natural Gas Exploration, Development & Production Advisory Committee	1066
DDOE-PPAC	Procurement Policy Advisory Committee	1070
* DDOE-UPAP	University Programs Advisory Panel	1082
DHEW-AAA-CAC	Consumer Advisory Council	1398
DHEW-AAA-FCOS	President's Commission on Olympic Sports	1923
* DHEW-AHCREC	Ad Hoc Committee on Reserpine and Breast Cancer	1124
** DHEW-ANSCINCP-NCI	Ad Hoc Search Committee for the Selection of Director Natl. Cancer Program and Natl. Cancer Institute	1126
DHEW-BCDC	Breast Cancer Diagnosis Committee	1244
DHEW-BCFC	Breast Cancer Epidemiology Committee	1247
DHEW-BCFC	Breast Cancer Treatment Committee	1255
DHEW-BENAC	Biometric and Epidemiological Methodology Advisory Committee	1197
DHEW-CASAC	Carcinogenesis Scientific Advisory Committee	1292
DHEW-CBSSS	Computer and Biomathematical Sciences Study Section	1392
DHEW-CCEIC	Commission for the Control of Epilepsy & Its Consequences	1357
DHEW-CCHLIC	Commission for the Control of Huntingtons Disease & Its Consequences	1359
** DHEW-CGWR	Consulting Group on Welfare Reform	1394
DHEW-CHSAC	Cooperative Health Statistics Advisory Committee	1411
DHEW-CWHIE	Committee on Mental Health & Illness of the Elderly	1375
DHEW-CFSRCEB	Carcinogenesis Program Scientific Review Committee B	1290
DHEW-CSCCAHRC	Comprehensive Sickle Cell Centers (CSCC) Ad Hoc Review Committee	1389
DHEW-DADRC	Drug Abuse Demonstration Review Committee	1455
DHEW-DAPRC	Drug Abuse Prevention Review Committee	1458
DHEW-DCSRC	Diet & Cancer Scientific Review Committee	1448
DHEW-DDC	Drug Development Committee	1468
DHEW-DPAC	Dental Drug Products Advisory Committee	1421
DHEW-DNCPAC	Diet, Nutrition and Cancer Program Advisory Committee	1451
* DHEW-DPAC	Diagnostic Products Advisory Committee	1441
DHEW-DRC	Diagnostic Radiology Committee	1443
DHEW-DWDAHAC	Drinking Water Disinfection Ad Hoc Advisory Committee	1453
DHEW-LTCAC	Long-term Care Advisory Committee	1589
DHEW-MJSCF	Medical Laboratory Sciences Review Committee	1600
DHEW-NACH	National Advisory Committee on the Handicapped	1652
DHEW-NACHMSA	National Advisory Council on Health Manpower Shortage Areas	1685

* Denotes committees for which no membership lists were submitted.

** Denotes committees which were created and terminated during 1977.

[COMMITTEE PRINT]

SEPTEMBER 1, 1977

Public Law 92-463, as amended by Public Law 94-409 (86 Stat. 770; 15 U.S.C. App. I); 92nd Congress, H.R. 4383,
October 6, 1972

AN ACT To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that--

(1) the need for many existing advisory committees has not been adequately reviewed;

(2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;

(3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;

(4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;

(5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and

(6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

SEC. 3. For the purpose of this Act--

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is--

(A) established by statute or reorganization plan, or

(B) established or utilized by the President, or

(C) established or utilized by one or more agencies,

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

- (1) the Central Intelligence Agency; or
- (2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarg-

ing the mandate of an existing advisory committee. Any such legislation shall—

(1) contain a clearly defined purpose for the advisory committee;

(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;

(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;

(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to funds, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

SEC. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

- (1) whether such committee is carrying out its purpose;
- (2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;
- (3) whether it should be merged with other advisory committee; or
- (4) whether it should be abolished.¹

¹ Engrossed copy of P.L. 92-463 reads: "(4) whether *it* should be abolished." (emphasis added).

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

(d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(A) no member of any advisory committee or of the staff of any advisory committee shall receive compensation at a rate in excess of the rate specified for GS-18 of the General Schedule under section 5332 of title 5, United States Code; and

(B) such members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or

(B) an individual who immediately before his service with an advisory committee was such an employee, from receiving compensation at the rate at which he other-

wise would be compensated (or was compensated) as a full-time employee of the United States.

(e) The Director shall include in budget recommendations a summary of the amounts he deems necessary for the expenses of advisory committee, including the expenses for publication of reports where appropriate.

RESPONSIBILITIES OF AGENCY HEADS

SEC. 8. (a) Each agency head shall establish uniform administrative guidelines and management controls for advisory committees established by that agency, which shall be consistent with directives of the Director under section 7 and section 10. Each agency shall maintain systematic information on the nature, functions, and operations of each advisory committee within its jurisdiction.

(b) The head of each agency which has an advisory committee shall designate an Advisory Committee Management Officer who shall—

- (1) exercise control and supervision over the establishment, procedures, and accomplishments of advisory committees established by that agency;
- (2) assemble and maintain the reports, records, and other papers of any such committee during its existence; and
- (3) carry out, on behalf of that agency, the provisions of section 552 of title 5, United States Code, with respect to such reports, records, and other papers.

ESTABLISHMENT AND PURPOSE OF ADVISORY COMMITTEES

SEC. 9. (a) No advisory committee shall be established unless such establishment is—

- (1) specifically authorized by statute or by the President; or
- (2) determined as a matter of formal record, by the head of the agency involved after consultation with the Director, with timely notice published in the Federal Register, to be in the public interest in connection with the performance of duties imposed on that agency by law.

(b) Unless otherwise specifically provided by statute or Presidential directive, advisory committees shall be utilized

solely for advisory functions. Determinations of action to be taken and policy to be expressed with respect to matters upon which an advisory committee reports or makes recommendations shall be made solely by the President or an officer of the Federal Government.

(c) No advisory committee shall meet or take any action until an advisory committee charter has been filed with (1) the Director, in the case of Presidential advisory committees, or (2) with the head of the agency to whom any advisory committee reports and with the standing committees of the Senate and of the House of Representatives having legislative jurisdiction of such agency. Such charter shall contain the following information:

- (A) the committee's official designation;
- (B) the committee's objectives and the scope of its activity;
- (C) the period of time necessary for the committee to carry out its purposes;
- (D) the agency or official to whom the committee reports;
- (E) the agency responsible for providing the necessary support for the committee;
- (F) a description of the duties for which the committee is responsible, and, if such duties are not solely advisory, a specification of the authority for such functions;
- (G) the estimated annual operating costs in dollars and man-years for such committee;
- (H) the estimated number and frequency of committee meetings;
- (I) the committee's termination date, if less than two years from the date of the committee's establishment; and
- (J) the date the charter is filed.

A copy of any such charter shall also be furnished to the Library of Congress.

ADVISORY COMMITTEE PROCEDURES

SEC. 10. (a) (1) Each advisory committee meeting shall be open to the public.

(2) Except when the President determines otherwise for reasons of national security, timely notice of each such meet-

ing shall be published in the Federal Register, and the Director shall prescribe regulations to provide for other types of public notice to insure that all interested persons are notified of such meeting prior thereto.

(3) Interested persons shall be permitted to attend, appear before, or file statements with any advisory committee, subject to such reasonable rules or regulations as the Director may prescribe.

(b) Subject to section 552 of title 5, United States Code, the records, reports, transcripts, minutes, appendices, working papers, drafts, studies, agenda, or other documents which were made available to or prepared for or by each advisory committee shall be available for public inspection and copying at a single location in the offices of the advisory committee or the agency to which the advisory committee reports until the advisory committee ceases to exist.

(c) Detailed minutes of each meeting of each advisory committee shall be kept and shall contain a record of the persons present, a complete and accurate description of matters discussed and conclusions reached, and copies of all reports received, issued, or approved by the advisory committee. The accuracy of all minutes shall be certified to by the chairman of the advisory committee.

(d) Subsections (a)(1) and (a)(3) of this section shall not apply to any portion of an advisory committee meeting where the President, or the head of the agency to which the advisory committee reports, determines that such portion of such meeting may be closed to the public in accordance with subsection (c) of section 552b of title 5, United States Code.² Any such determination shall be in writing and shall contain the reasons for such determination. If such a determination is made, the advisory committee shall issue a report at least annually setting forth a summary of its activities and such related matters as would be informative to the public consistent with the policy of section 552(b) of title 5, United States Code.

(e) There shall be designated an officer or employee of the Federal Government to chair or attend each meeting of each advisory committee. The officer or employee so designated is

² Public Law 92-463 (86 Stat. 770) as amended, Public Law 94-409 § 5(c) (90 Stat. 1241).

authorized, whenever he determines it to be in the public interest, to adjourn any such meeting. No advisory committee shall conduct any meeting in the absence of that officer or employee.

(f) Advisory committees shall not hold any meetings except at the call of, or with the advance approval of, a designated officer or employee of the Federal Government, and in the case of advisory committees (other than Presidential advisory committees), with an agenda approved by such officer or employee.

AVAILABILITY OF TRANSCRIPTS

SEC. 11. (a) Except where prohibited by contractual agreements entered into prior to the effective date of this Act, agencies and advisory committees shall make available to any person, at actual cost of duplication, copies of transcripts of agency proceedings or advisory committee meetings.

(b) As used in this section "agency proceeding" means any proceeding as defined in section 551(12) of title 5, United States Code.

FISCAL AND ADMINISTRATIVE PROVISIONS

SEC. 12. (a) Each agency shall keep records as will fully disclose the disposition of any funds which may be at the disposal of its advisory committees and the nature and extent of their activities. The General Services Administration or such other agency as the President may designate, shall maintain financial records with respect to Presidential advisory committees. The Comptroller General of the United States, or any of his authorized representatives, shall have access, for the purpose of audit and examination, to any such records.

(b) Each agency shall be responsible for providing support services for each advisory committee established by or reporting to it unless the establishing authority provides otherwise. Where any such advisory committee reports to more than one agency, only one agency shall be responsible for support services at any one time. In the case of Presidential advisory committees, such services may be provided by the General Services Administration.

RESPONSIBILITIES OF LIBRARY OF CONGRESS

SEC. 13. Subject to section 552 of title 5, United States Code, the Director shall provide for the filing with the Library of Congress of at least eight copies of each report made by every advisory committee and, where appropriate, background papers prepared by consultants. The Librarian of Congress shall establish a depository for such reports and papers where they shall be available to public inspection and use.

TERMINATION OF ADVISORY COMMITTEES

SEC. 14. (a) (1) Each advisory committee which is in existence on the effective date of this Act shall terminate not later than the expiration of the two-year period following such effective date unless—

(A) in the case of an advisory committee established by the President or an officer of the Federal Government, such advisory committee is renewed by the President or that officer by appropriate action prior to the expiration of such two-year period; or

(B) in the case of an advisory committee established by an Act of Congress, its duration is otherwise provided for by law.

(2) Each advisory committee established after such effective date shall terminate not later than the expiration of the two-year period beginning on the date of its establishment unless—

(A) in the case of an advisory committee established by the President or an officer of the Federal Government such advisory committee is renewed by the President or such officer by appropriate action prior to the end of such period; or

(B) in the case of an advisory committee established by an Act of Congress, its duration is otherwise provided for by law.

(b) (1) Upon the renewal of any advisory committee, such advisory committee shall file a charter in accordance with section 9(c).

(2) Any advisory committee established by an Act of Con-

gress shall file a charter in accordance with such section upon the expiration of each successive two-year period following the date of enactment of the Act establishing such advisory committee.

(3) No advisory committee required under this subsection to file a charter shall take any action (other than preparation and filing of such charter) prior to the date on which such charter is filed.

(c) Any advisory committee which is renewed by the President or any officer of the Federal Government may be continued only for successive two-year periods by appropriate action taken by the President or such officer prior to the date on which such advisory committee would otherwise terminate.

EFFECTIVE DATE

SEC. 15. Except as provided in section 7(b), this Act shall become effective upon the expiration of ninety days following the date of enactment.

Approved October 6, 1972.
